MILL STREET VILLAGE IN TOTTENHAM
BY BALLYMORE HOMES

Life is a little more laid back in Simcoe County. A little friendlier and more relaxed. It's a place where family comes first but neighbours are a close second. Now in the village of Tottenham, amidst the rolling green hills and valleys, there's a new community untouched by the hustle bustle of the big city. Mill Street Village. Where the countryside seems tailor-made for a family just like yours.

Living at Mill Street Village, you're connected to all the amenities of Tottenham as well as those communities that lie just beyond your backyard. Schomberg, Alliston, Cookstown, Orangeville, Bradford, Caledon and Bolton.

Each is a charming town or village with its own unique character and each is waiting for you to explore.

In May, Ballymore Homes opened their two designer-decorated Model Homes at Mill Street Village, both 50-foot models that showcase its dedication to building quality homes.

The homes at Mill Street Village are themed from Ontario's heritage and feature elevations of clay brick exteriors with accent cladding and verandas. Porches are a gracious feature on many of the homes.

Since 1995, Ballymore Homes has demonstrated an abiding commitment to quality construction.

BALLMORE HOMES Mill Street Village
